PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

Firms, Clubs, and Hotels subscribing two guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

Prompt Admission may be secured as follows:—A medical man should be asked to certify the disease the patient is suffering from, and this certificate should be sent to the Hospital, together with the name of a person who will undertake to see that the fee of £3 3s.* (or £3 3s. a week, as the case may be) is paid. If the sufferer can be received, a Brougham-ambulance with attendants, including a nurse when necessary, will be sent to convey the patient to Hospital. There is a charge, according to distance, for horse hire for the ambulance, to be paid in addition to the fee, except in the case of Governors residing within a radius of five miles of the Hospital. These are entitled to free conveyance for their servants as well as free treatment.

If the ambulances of the Hospital cannot be spared for the journey to a distant suburb, information will generally be given as to where to apply for a conveyance locally.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

* Not required in cases where sufferers are entitled to free treatment.

REPORT OF THE COMMITTEE

FOR THE

Year ended 31st December, 1897.

THE past year has been an uneventful one in the London Fever Hospital. The new ward block, which was fully described in the last Report, was opened early in the year for the reception of patients, and has since been occupied by cases of Diphtheria, German Measles, and Measles; the accommodation it affords and its internal arrangements have proved in all ways satisfactory. The financial condition of the Hospital has, however, not enabled the Committee during the past year to proceed further with the scheme for the re-building of the Hospital, and the old "wing" of the Hospital is not in a fit state of repair to receive patients; the outlay to put it in order would be more than would be justifiable merely for temporary use, and it therefore remains unoccupied. In consequence the number of patients which the Hospital can accommodate is reduced for the time; but it is hoped that financial support may be forthcoming sufficient to enable

the Committee to pull down the "wing" building during the ensuing year, and to erect in its place a new block of wards for cases of Diphtheria, Measles, and Typhoid Fever, as well as to commence the building of the Convalescent Home, for which land was purchased some years ago.

Five hundred and seventy-nine patients were admitted into the Hospital during the year 1897; in addition, there were 128 in the Hospital under treatment at the beginning of the year. The total number of patients who came under treatment during the twelve months ending on December 31st, 1897, was, therefore, 707, as compared with 874 during the previous year.

Of the patients admitted during the year there were 431 with Scarlet Fever, 58 with German Measles, 13 with Measles, 45 with Diphtheria, and 31 patients sent in under medical certificates of infectious fever, but who were suffering from various non-infectious complaints, the nature of which is detailed in the tables annexed to this Report. Each year brings a large number of similar cases to the Hospital, requiring great care to prevent their being put in wards where they might contract the infection for which they were certified, and entailing the provision of many isolation wards for their care until they can be discharged from the Hospital.

SCARLET FEVER.—The total number of cases of Scarlet Fever coming under treatment was 539, as against 720 during 1896. This decrease in the number is in part due to the reduction in

available beds resulting from disuse of the old wing, which has already been alluded to, and is in part due to measles having been introduced into one of the main scarlet fever wards by a patient incubating the disease when suffering from scarlet fever, for which he was admitted. Such an occurrence is at times unavoidable, and it necessitated the non-admission of any more cases of any sort into the ward until it could be gradually emptied of the patients it contained and completely disinfected. The scarlet fever was for the most part, as has been the case in recent years, of a mild type; the mortality was only 1·7 per cent., a fraction higher than that of 1896, and the lowest rate of mortality except in that year and in 1891.

MEASLES.—Thirteen cases of Measles were admitted; in addition, as before mentioned, some patients with scarlet fever contracted the disease. All the cases of Measles were discharged cured, except two who were convalescing in the Hospital at the end of the year.

RUBEOLA.—Fifty-eight cases of Rubeola or German Measles were admitted. Fifty-six were discharged cured, and two remained in Hospital at the close of the year.

DIPHTHERIA.—The Hospital received 45 cases of Diphtheria, which, with 17 already under treatment when the year began, made a total of 62 cases. Only such cases as presented the bacillus of Loeffler are included under diphtheria. Many of the cases were of severe type, the less severe being more commonly

treated in their own homes. Six patients died, 50 were discharged cured, and 6 were still in Hospital on the 31st December. The death rate was 12 per cent., as compared with 12·5 during 1896.

Of the Officials of the Institution, two Nurses contracted Diphtheria, one Nurse and one Ward Maid Scarlet Fever, and one Nurse Measles ; all recovered.

During the year stock to the amount of £4,526 had to be realised to defray the expense of building the new ward block.

The Legacies received during 1897 amounted to £3,752, an increase of £2,180 over the legacies in 1896.

The Annual Subscriptions amounted to £4,401, an increase of £82 over the year 1896, but the donations amounted only to £1,631—a serious decrease of £753—though this was rather more than compensated for by the receipt of a grant of £875 from the fund of H.R.H. the Prince of Wales.

Such a special donation cannot, however, be relied upon as a permanent source of income, and the Committee trust that the donations from the public may again reach their former level to enable them to continue the re-building, that they may not be compelled, as heretofore, to refuse many applicants for admission.

The London Fever Hospital is the only public institution in London for the reception of fever patients other than the rate-supported Hospitals under the control of the Metropolitan Asylums

Board, and it alone receives patients who are able and willing to pay something towards the expenses of their treatment in the general or in the private wards. Owing to the frequent inability of the Hospitals of the Asylums Board to admit all the patients applying to them, the London Fever Hospital has frequently during the past few years found accommodation for such persons who would have otherwise had no alternative but to remain in their own homes or in public buildings, where they would have served as centres of infection.

The Committee desire to acknowledge the excellent work of the Secretary, Major Christie, to whose unremitting exertions it is due that the Subscription List is increased in amount during a year in which the reverse has been the case in many similar institutions.

LONDON FEVER HOSPITAL,

LIVERPOOL ROAD, ISLINGTON.

LAWS AND REGULATIONS.

Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

(a) Domestic servants of governors shall be admitted gratuitously.

(b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year ; for receiving the annual report of the state of the funds ; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee ; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary, and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting ; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint ; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration ; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such small sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house-directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques payable to order, signed in Committee by two members of the Committee, or, in case a Committee cannot be formed, by two of the house-directors, and in all cases countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

House-Directors.

22. The house-directors shall consist of the trustees, treasurer, the two physicians, and the architect, who shall be *ex-officio* house-directors, and of three elected house-directors chosen as follows:—The Committee at their meeting in February shall

appoint a member of their own body to be chairman of house-directors, who shall retain office for a term of three months. They shall in like manner appoint a chairman of house-directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house-directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house-directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house-directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house-directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house-directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

Physicians.

27. There shall be two physicians and one or more assistant physicians, who shall be Fellows or Members of the Royal College of Physicians of London; and also a surgeon, who shall be a Fellow of the Royal College of Surgeons.

28. One of the physicians shall visit the Hospital at least once every day. The physicians shall have the power of dismissing any patient for refractory conduct or disobedience of orders. The physicians, assistant physicians, and surgeon shall be entitled to attend all Committee meetings.

28A. No physician shall hold the appointment of physician for more than twenty years, nor after he shall have attained the age of sixty-five years.

Assistant Physicians.

29. In case of the illness or necessary absence of either of the physicians, one of the assistant physicians shall attend regularly in his stead. Such attendances

shall be reported to the Committee. If the number of patients exceed 150, an assistant physician shall come on active duty.

30. The surgeon shall undertake the surgical charge of such patients as the physicians may deem necessary, and in case of emergency shall attend when summoned by the resident medical officer. Such attendances shall be reported to the Committee. If unable to attend, the surgeon shall substitute a duly qualified deputy.

Hospital Pupils.

31. No medical student shall be permitted to visit the Hospital unless in company with one of the physicians, or unless regularly entered or registered as a pupil by the physicians.

Architect.

32. There shall be an Architect to the Hospital. He shall advise on all questions concerning the Hospital sites and buildings, and shall supervise the structural maintenance of the Hospital, prepare all plans, and superintend all works connected therewith.

33. His status shall be similar to that of physicians to the Hospital.

Resident Medical Officer.

34. The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35. He shall superintend the wards, and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house-directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37. When the number of patients shall be sufficiently great, or other circumstances render such a step necessary, the Committee shall have power to appoint one or two assistants to the resident medical officer, and he or they shall receive such remuneration as the Committee shall from time to time determine.

Secretary, House Steward, and Collector.

38. There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons as the Committee shall from time to time think fit.

39. The duties of the secretary shall be to have the conduct of the correspondence of the Hospital, the keeping of the accounts, and to perform all duties appointed by the by-laws.

40. The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41. The duties of the collector shall be—

To call on subscribers and collect all donations and subscriptions of the Hospital; to give only authorised printed receipts for the same; to attend all meetings when required; to keep correct lists and duplicate lists of all donations and subscriptions, with the residences of the donors and subscribers, made up from day to day; to pay weekly all moneys he may receive to the bankers; to deliver weekly to the secretary reports in writing of all moneys received and paid, with the balance at the bankers'; to keep the accounts regularly entered in the collector's cash book; to deliver a copy of the annual report to each subscriber; and to perform all the duties appointed by the by-laws.

42. The secretary, house steward, and collector shall be required to enter into bonds with sufficient sureties for the due and faithful performance of their duties in such sums as the Committee may determine.

Matron.

43. The matron shall have the direction of the nurses and female servants of the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

Election of Officers.

44. The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor, and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46. The legal estate in the lands, buildings, and premises of the Hospital shall be vested in not less than three trustees, new trustees being appointed at a general meeting of the governors when vacancies occur.

47. All legacies of £100 and upwards, unless otherwise directed by the testators shall be invested for the benefit of the Hospital, in the names of three trustees, to be called trustees of the fund.

Religious Ministrations.

48. Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49. It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients, and the convenient conduct of the Hospital.

By-Laws.

50. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to, and assented to in writing by, every person before his or her appointment, and referred to on all occasions of doubt.

At a Meeting of the Committee held at Freemasons' Tavern, on October 13th, 1882, it was resolved:—

1. That no election to the offices of physician, assistant physician, resident medical officer, assistant resident medical officer, secretary, auditor, or matron, be proceeded with until the vacancy has been advertised in three daily London papers and in two medical journals. The first advertisement to be inserted not less than eight days before the election.
